
SUMMARY

Instrumentation Engineer with **4+ Years of Experience** in teaching,

- Advanced microprocessor and interfacing.
- Microcontroller based system design.
- Digital electronics.
- Electronic devices and circuits.
- Biomedical instrumentation.
- Process control and instrumentation.
- Industrial instrumentation.

EDUCATION

BE (Electronics & Instrumentation Engineering) - National Engineering College - 1994 to 1998.

MBA (Information system management) - Bharathiyar university - 2010 to 2012

PROFESSIONAL EXPERIENCE	Name of the organization	Designation	Duration
	Maharaja institutions	Senior lecturer	May 2007 to nov 2007
	Pavender Bharathidasan college of engineering and technology	lecturer	June 2001 to 2004

Projects handled

- Biomedical database.
- Medical image processing.
- Microprocessor and Microcontroller programming.

Skills

- MS Office
- Excellent communication skills
- Proactive and intuit leader
- Problem solving abilities
- People skills
